

## **CV Wladimir Klitschko**

**Status 07/2021**

### **About Dr. Wladimir Klitschko**

Dr. Wladimir Klitschko holds the record as the longest reigning heavyweight boxing world champion of all time. He sees himself as a "Challenge Master" and wants to help people turn their problems into challenges with courage and realism.

With his Klitschko Ventures company, which he founded in 2016, Wladimir Klitschko developed the *FACE the Challenge* method from his philosophy of life *Challenge Management*, the core of which is the expansion and development of the key skill of willpower. Willpower in the sense of transformation energy made Wladimir Klitschko successful and allowed him to emerge stronger, even from less successful times. Along with his team from Klitschko Ventures, today his goal is to transfer his expertise from almost 30 years of competitive sports to general life, everyday life and the working world of each individual.

With the Institute of Customer Insight at the University of St. Gallen, in 2015 he established the "CAS Change & Innovation Management" course and the Competence Center for Intrapreneurship.

The book of his method, "F.A.C.E. the Challenge - Discover the Willpower in You!", was published in 2020 together with co-author Tatjana Kiel, CEO Klitschko Ventures. Moreover in 2021 his expertise transfer was covered in a case study at Harvard Business School (HBS) and published.

For almost 20 years, Dr. Wladimir Klitschko has been involved with the Klitschko Foundation as one of its endowment donors.

In 2012, his independent design hotel opened in the heart of Ukraine's capital, Kiev, and it has steadily become one of the country's top-rated accommodations.
