

Vita Tatjana Kiel

Tatjana Kiel is CEO of Klitschko Ventures and long-time business partner of Dr. Wladimir Klitschko. They extracted the FACE the Challenge method from his expertise of almost 30 years of competitive sport. Tatjana Kiel is responsible for and develops the business areas based on the method: from transformation projects for companies and organisations to formats for individuals and teams.

Since the start of the war in Ukraine, Tatjana Kiel's work has had an additional focus. Her and Wladimir Klitschko's aid initiative #WeAreAllUkrainians gave rise to the non-profit company of the same name, which implements sustainable, extensive aid projects.

Tatjana Kiel asks the question of socio-economic effectiveness in her areas of responsibility. Her goals are solutions and recommended course of actions that bring about personal, corporate and social change:

As CEO of Klitschko Ventures, she uses the FACE method to move people, companies and organisations in order to strengthen them in their challenges and bring about transformation.

As Managing Director of the #WeAreAllUkrainians non-profit GmbH, she matches acute needs with appropriate aid offers to sustainably support people in need.

Since July 2023, she has been a founding partner of the likewise non-profit Score 4 Impact gGmbH, which she founded together with Nina Paul and Ana-Cristina Grohnert. They support companies in their ESG activities at the levels of strategy, project matchmaking and reporting for measurable and scalable impact.

She passes on her FACE expertise as a lecturer at the University of Sankt Gallen in the CAS further education program Change & Innovation Management and is the founder of the women's business network Ladies Mentoring. She promotes young talent with her voluntary work as an advisory board member of the Startup Teens initiative.

The book "FACE the Challenge – Entdecke die Willenskraft in dir!", published in 2020, has made her and Dr Wladimir Klitschko SPIEGEL bestselling authors.

In 2022, the children's book "Wil, der Wolkenstürmer und der Traum vom Fliegen" was published. An educational approach with which they show the "generation of tomorrow" how to find personal strengths and develop willpower (FACE Kids).

In September 2023, accompanied by the #BringBackTheKids awareness campaign, the book "Gestohlene Leben" (Stolen Lives) by Tatjana Kiel and Dr. Wladimir Klitschko was published, which tells of the fates of Ukrainian children abducted by Russia and the stories of their desperate parents. It exposes Russia's state-controlled, targeted campaign and sets out what Germany can do to combat it.

About KLITSCHKO VENTURES

Klitschko Ventures GmbH wants to make the insights of multiple boxing champion and challenge master Dr. Wladimir Klitschko available to everyone. To this end, the team has developed the FACE the Challenge method together with him. The method supports individuals as well as companies and organizations in successfully bringing about transformation.

The core of Klitschko Ventures' activities is the adaptation of the method to formats and products for B2B as well as for D2C. Strategically, this goal is implemented in the four pillars: Inspiration, Education, Consulting and Solutions.

The entire portfolio is geared towards mentally and physically activating the greatest possible potential of each individual to develop resilient implementation energy, willpower.

About #WeAreAllUkrainians

#WeAreAllUkrainians has grown from the ad-hoc initiative of Dr. Wladimir Klitschko and Tatjana Kiel in the first days of the war in February 2022 to a non-profit venture that, in addition to acute emergency measures, primarily implements sustainable, large-scale aid projects in Ukraine and supports Ukrainian refugees in Germany – help now and for the future.

#WAAU works hand in hand with other NGOs in Germany and Ukraine and offers individual aid projects to partners from the business community or private initiatives that want to help in the long term. The NGO is led by the two managing directors Dörte Kruppa and Tatjana Kiel.
